DESCRIPTION

This stunning family residence is set within Wilbury Avenue, one of South Cheam's most sought-after locations and designated as an 'Area of Special Local Character'. The property itself sits within a plot approaching 1 acre in size and is fronted by the 'Hare Wall', which is Grade II listed as it once formed part of King Henry VIII's hare coursing warren.

The property has been meticulously refurbished throughout and boasts accommodation of over 3,000 feet set over two floors. However, the centrepiece of this fine home must be the stunning open plan family room, dining room and kitchen, which overlook an incredible landscaped west facing rear garden. Also on the ground floor is a front reception room, complete with seven casement bay leaded windows, a utility room and downstairs WC.

On the first floor the property offers five double bedrooms with four of the bedrooms benefitting from bespoke crafted wardrobes with oak interiors. The principal bedroom features an ensuite shower room whilst there is a further family bathroom complete with roll top bath and shower.

Another hugely impressive feature of this incredible home is the outside space. Occupying a west facing plot of almost an acre, the garden simply goes on forever and features an expansive landscaped lawn as well as a large wilding section to the rear. To the front of the property, an impressive, gated carriage drive provides access to the property whilst also framing the historic 'Hare Wall'.

The property also offers substantial scope for development and plans have been drafted for a substantial rear extension along with a spectacular side extension which reaches back into the garden and will provide additional garaging, indoor swimming pool, shower/changing room, gym, steam and sauna room and a bar, all with bi-fold doors opening to the garden. Also included within the side extension is a two bedroom duplex apartment. The plans and drawings are included in the property photographs.
